

A REGULAR CIRCUS

Trying to Give a Little Girl Cod Liver Oil.

The interesting incident was told in Short and Haynes' drug store the other evening.

A man came in and bought a bottle of Vinol and while waiting for change engaged the clerk in conversation.

Said he: "We were told to give our little girl cod liver oil. I bought a bottle and took it home. We had a regular circus trying to get the child to take it. Then it did not agree with her at all, the oil upset her stomach. She did not get any better, so I told the doctor how we had failed, and he at once recommended your Vinol, saying it contained all of the curative, healing and strengthening properties of cod liver oil without a drop of oil, and that children all love its taste."

"I took home a bottle and we began to give it to our child right away. She said it was delicious and wanted more. Almost from the first dose we noticed a change, and she has gained flesh, strength and appetite and sleeps well every night."

"I don't believe any one should give a delicate child old-fashioned, nauseating cod liver oil or emulsions when Vinol is so delicious, and it will do so much more good than any other tonic. It is simply a wonderful medicine for weak, puny children, and I am recommending it to my friends."

"We guarantee Vinol will make weak, puny children strong, robust and rosy, strengthen and invigorate old people and build up the run down, tired and debilitated as nothing else can. If it fails we willingly return every dollar paid for it."—Short & Haynes, Druggists.

NATIONAL MEETING

A. S. OF E. IS HELD.

Delegates to Indianapolis From Twenty-Two States—Prices are Fixed on Certain Commodities.

SHERMAN AND EVERITT

ARE BOTH RE-ELECTED.

The annual national meeting of the American Society of Equity was held at Indianapolis last week. Twenty-two states were represented at the meeting by about one hundred delegates and the sessions were all orderly and much business was transacted. The principal part of this consisted in the revising of the constitution and the by-laws and the adopting of the recommendations in regard to warehousing and the use of the telephone. This latter is for the purpose of keeping farmers posted as to the price of the products that they have to sell by the telephone. Plans for more thorough organization were also adopted.

Minimum prices, or those under which farmers are urged not to sell, were fixed on certain commodities as follows: Corn, 50 cents; oats, 48 cents; hay, \$10; hogs, six and one half cents; cattle from 5 to 6 cents.

The officers elected were: J. A. Everitt, president; J. B. Whitney, of New York, vice president; M. West Tubs, secretary; Andrew Smith, treasurer, and H. B. Sherman, national organizer. Four directors were elected, one being from the cotton belt.

The Green river district was the best represented of any part of the country.

It is quite probable that the next meeting will be held at Owensboro. The sentiment at this meeting was strongly in favor of coming to Kentucky. The meeting, however, may go to Louisville and if not St. Louis will probably get it.

Favored by Both Parties.

I can highly recommend it for coughs and colds." For sale by A. R. Fisher.

A TRULY IDEAL WIFE

HER HUSBAND'S BEST HELPER

Vigorous Health Is the Great Source of the Power to Inspire and Encourage—All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest help-mate of my life."

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, whites, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

Dear Mrs. Pinkham: "Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed. "Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvelous recovery. It brought me health, new life and vitality."—Mrs. Bessie Ainsley, 611 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ainsley it will do for every sick and ailing woman.

If you have symptoms you don't understand write to Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

PLEA IS MADE BY OLD MULL

For Australian Ballot as Against Old Viva Voce System.

Carter's Landing, Ky., Oct. 25, 1903. There is a question confronting us this coming election that should be given more thought and consideration than is being given it by the public. The question is this: Shall we return

to the old viva voce method of voting or shall we retain the Australian ballot system?

Now which of the two systems is the best? We honestly believe that the Australian ballot system is far ahead of that old drag-'em-up-and-vote-'em system that was in vogue a few years ago.

Why was the Australian ballot substituted for the viva voce system? Why, to purify the ballot as near as possible.

"Shall we go a step backward?"

Now, for the practical politician with barrels of hooch and booze, the old drag-'em-up system is all right.

But the man who wants a square deal, fair and honest elections, or at least as near as we can get them, will vote for the Australian system.

There is so much fraud practiced in campaigns these days we should uphold every good law that will bring about fair and honest elections.

We noticed in a recent issue of the News that the editor of a certain Democratic paper registered a kick against the Australian system for the reason that it does not put an end to the floater lying about how he votes. That under the drag-'em-up system when you bought a floater you could march him to the polls and see that he delivered the goods. And this man claims to be a Democrat. Now, wouldn't that "jar" you? Well, Old Mull is a Democrat, but if that's Democracy we don't want any of it.

We will vote for the Australian ballot system.

"Whither are we drifting? Shall we let booze hooch and corruption rule? It's for the voter to decide. When we see danger ahead it's our sacred duty to put it down."

Now, let every honest and fair-minded voter go to the polls on election day and bury oldfoggism so deep it will never bob up again.

Respectfully,

Joe Mulhatton, Jr.
